**Subject:** DEQ review of Version 3  
2B5-QHB6-CZE8 Additional Information Required.docx

Hi Steve, to follow up on our discussion earlier this week, I'm informing you that the DEQ's letter regarding review of version 3 of the Back 40 application and incorporating the EPA objection letter issues we discussed at last Friday's meeting, will go out in Monday's mail. An electronic copy is attached for your reference.

Because of the time frame to address the objection, we felt it crucial to get the response to you as early as possible. In order for DEQ to public notice the new version of the application, we would have to have the requested information prior to September 26, since the wetlands statute allows municipalities 45 days to comment in response to a public notice. 45 days from September 26 is November 10<sup>th</sup>.

Please let me know if you have any questions, or if I may be of further assistance.

Ginny Pennala
